

PROJECT

In this EU project, the international partnership aims at accelerating the quality and outcome of **work-based learning** in Europe by providing the responsible staff with high-quality learning chunks that can be easily integrated in the daily work of **WBL mentors**.

We know how busy your day is, no need to make it even more complicated!

RESULTS

Our results are tailored to your needs and ready when you are! We have prepared a **training course** featuring small learning chunks for **online and offline** context - in case you want to network with fellow WBL mentors.

Additionally, we offer a free **handbook** that you can explore online and offline with various practical activities and case studies.
